DATA SOURCE & NOTES

- Fuel quantity and value come from Nozzle Readings (closing – opening – testing) in closed Shift Summaries / sealed DSRs; an open day prints as a preview.
- Product lines come from sale_items of Billed and Handover Product Sales. GST is split as frozen on the sale; fuel VAT is shown in its own column and never added to GST.
- "vs previous period" compares with the same span immediately before (Sep 2026).
- Category column, category subtotals and the Category filter (marked *). (needs: product category pick-list, group B)
